The much-loved and charismatic broadcaster, novelist, journalist and gardening guru takes us on a personal and nostalgic journey through post-War Britain in search of treasured values and traditions that were once the soul of society. His latest book *When I was a Nipper* captures a world that is fast receding into history. Powerfully nostalgic for those who remember those days it is also Alan's timely call to all recession-hit Brits to heed the lessons of austerity Britain: 'make do and mend', 'look on the bright side' and 'take the knocks on the chin' – all delivered with his characteristic wit, warmth and humour!
